Camp Leaps and Bounds

An occupational therapy program for children with Autism Spectrum Disorder and/or sensory-motor issues who exhibit limitations in play, school, socialization and activities of daily living due to:

- Sensory processing issues
- Auditory processing delays
- Perceptual motor problems
- Low muscle tone
- Motor planning problems
- Visual processing delays

**REGISTER BY
May 1st, 2017**

*For the Summer 2017, we are now offering speech therapy and physical therapy services during the entire camp.
Please see details below!!*

ALL THERAPY PROGRAMS ARE DEVELOPED AND SUPERVISED BY EXPERIENCED, LICENSED OCCUPATIONAL THERAPISTS

**Contact Intensive Therapeutics at:
info@intensivetherapeutics.org
or
973-771-1582**

or visit our website at:

www.intensivetherapeutics.org

for more information about:

- Parent Support Groups
- Program Pricing
- Sliding Scale Fees
- Donations
- Volunteering

The **program is staffed** as follows:

- Director (OT)
- Occupational Therapists
- Speech Therapist
- Physical Therapist
- Level 2 OT Interns
- Speech student externs
- 1st year OT students
- Volunteers

This level of staffing enables us to have a 2:1 ratio (2 children to each staff person). This ratio also lets us work on the child's *individual* goals within the context of the group. We do **NOT** utilize a cookie cutter approach. Every child's goals are specific to their level of functioning and ability.

Parent's are interviewed prior to the camp to gather up-to-date information about your child's goals for OT, along with PT and Speech goals, if applicable. We use an assessment tool that helps prioritize the child's goals, helps establish functional goals and truly creates a system for the parent's to be involved in the process. We welcome information from other therapists, schools, doctors, etc. so we can truly work on the goals you want. We will also conduct an interview on the last day to get a parent's perception of how your child did during the camp.

New for 2017

We are now providing full-time speech and physical therapy at our new therapy center located in West Caldwell, NJ! This allows us to fully-integrate those services into our traditional Camp Leaps and Bounds model, and help maximize camp time to address as many of your child's therapy needs. Our speech and physical therapists will also serve as additional resources for our families during their time at camp.

In 2017, we will be offering the following program tiers:

- Tier 1: Occupational Therapy
 - Our traditional camp experience
- Tier 2: Two services
 - OT + Speech
 - OR**
 - OT + PT
- Tier 3: All 3 therapy services
 - OT+PT+Speech
- Academic instruction will continue to be an "add-in" service of 3 times per week.

The therapists at **Camp Leaps and Bounds** use carefully designed activities to drive therapeutic gains. For parents who choose to combine disciplines, activities specifically designed to integrate 1, 2 or 3 therapy services will be built in to the camp day. The exciting

part of this unique integration of OT, PT and speech goals within a single activity allows a child a full-body, "real world" experience. For example, if balloon volleyball is the camp activity, OT, PT and speech goals can all be met through the strategic emphasis and sequencing of jumping, running, hitting a balloon back and forth, as well as verbal communication and social skills with peers. Therapists will seamlessly collaborate to create these ideal therapeutic scenarios and help maximize each moment of the camp day.

We will continue to offer **optional** additional services:

- Academic Instruction
- Individual Speech/PT (see below for additional information)

Academic Instruction is provided by Steps to Success Tutors. They use brain-based and hands-on learning strategies to help children maintain and make progress academically.

spots available.
\$160 per hour

Mandatory Registration by May 1st

Please complete our new online
registration form on the Camp
Leaps and Bounds page on our
website. You will still need to print
out and mail in all consent forms.

www.intensivetherapeutics.org

The program can also be **customized**
based on your child's **tolerance** to
therapy. In other words, if 6 hours a day
is too much, we can create a program
specifically for you. The cost of the
program will be prorated based on:

- \$45 an hour for 1 therapy
- \$55 an hour for 2 therapies
- \$65 an hour for all 3 therapies
