

## CHOICES OF INTENSIVE THERAPY SERVICES

### Tier 1: Two Therapy Services

OT + Speech  
Our base program/standard camp.  
\$55 per hour

### Tier 2: All 3 Therapy Services

OT + Speech + PT  
Base program plus PT. Minimum 5  
hours of additional discipline within the  
group setting.  
\$65 per hour

A **customized schedule** is available based on your child's age and ability to tolerate therapy. For example, if your child is under the age of 3, we can create a program specifically for you. The cost of the program will be prorated based on your predetermined, customized schedule.

#### Add-On Options:

- Academic Instruction
- Individual Speech and PT

**Leaps & Bounds** is offered as a 4-week, intensive speech/OT summer program. Please visit our website for specific dates.

# INTENSIVE THERAPEUTICS

*A 501(c)(3) non-profit, charitable organization*

**Leaps & Bounds**  
Intensive Speech/OT Therapy Program

The leading organization providing a collaborative therapeutic program for children and young adults with special needs

(973) 771-1582

WWW.INTENSIVETHERAPEUTICS.ORG

**A speech and occupational therapy program\*** for children with Autism Spectrum Disorder and/or sensory-motor issues who exhibit limitations in play, school, socialization, and activities of daily living due to:

- Sensory processing
- Auditory processing
- Cognitive communication
- Social skills
- Expressive and receptive language
- Perceptual motor
- Motor planning
- Apraxia of speech
- Dysphagia (feeding and swallowing disorders)
- Executive functioning
- Fine and gross motor
- Balance and coordination
- Visual-perceptual skills
- Postural control/core strength

The **program is staffed** as follows:

- Occupational Therapists
- Speech Therapists
- Physical Therapist
- Level 2 OT Interns
- Speech student externs
- 1<sup>st</sup> year OT students
- Volunteers

This level of staffing enables us to have a 2:1 ratio (2 children to each staff person). This ratio also lets us work on the child's *individual* goals within the context of the group. We do **NOT** utilize a cookie cutter approach. Every child's goals are specific to their level of functioning and ability.

"My son has had so many wonderful experiences at your camp that we will always be grateful for!"  
- K.O.

WE BELIEVE **ALL**  
CHILDREN CAN REACH  
UNTHINKABLE GOALS  
AND UNLOCK THEIR TRUE  
POTENTIAL.

"The very best thing we did. Awesome experience for him with dedicated, wonderful professionals!"  
- L.O.

"These guys are the real deal – very effective at helping kids develop and learn new skills."  
- R.R.

**Leaps & Bounds** uses carefully designed activities to drive therapeutic gains. The exciting part of this unique integration of OT and speech goals within a single activity allows a child a full-body, "real world" experience. For example, during table-top activities such as arts and crafts, the OT will be facilitating improved motor planning and postural control, while the SLP will be focusing on following directions and peer interactions, among other things. Therapists will seamlessly collaborate to create these ideal therapeutic scenarios and help maximize each moment of the camp day. \*

**Parents are interviewed** prior to the program to gather up-to-date information about your child's goals. We use an assessment tool that helps establish and prioritize the child's functional goals, and truly creates a system for the parents to be involved in the process. We welcome information from other therapists, schools, doctors, etc. in order to maximize the therapeutic experience.

\*Tier 2 allows opportunity for PT collaboration as well.
